

# ASVS 2016

20-23 October • SINGAPORE

ASIAN SOCIETY FOR VASCULAR SURGERY

Advancing Treatment  
of Vascular Disease in Asia

[www.asvs2016.com](http://www.asvs2016.com)

## POST-CONGRESS PERIPHERAL WORKSHOP 24 OCTOBER 2016 • CHANGI GENERAL HOSPITAL, SINGAPORE

Organised by the Department of Surgery, Vascular Service, Changi General Hospital, Singapore

### SYNOPSIS

This workshop aims to expose physicians to the ever evolving techniques in complex lower limb revascularization. With interactive sessions with faculty, participants can expect engaging case presentations and discussions for a real-world feel.

### LIVE CASE

4 – 5 complex lower limb interventions  
Be part of these challenging live cases in an OR setting

### GOALS

Understand and demonstrate the safe and effective use of products, consistent with the Instructions for Use (IFU).

### LEARNING OBJECTIVES

After completing the course, participants will be able to:

- Understand the different endo-vascular strategies to treating lower limb diseases, in particular for SFA and BTK lesions
- Gain an understanding and appreciation of clinical study results that shape the choice of devices
- Gain insights to endovascular peripheral interventions, from start to finish
- Name tips and tricks for treating challenging

### ATTENDEE PRE-REQUISITES

Physicians who have basic understanding of endovascular treatment strategies of peripheral arterial disease, with or without actual hands-on experience.

**RSVP, space is limited.** If you have any queries, please contact: Ms Andrea Lim

Tel: +65 6850 3505 Fax: 6260 1709

**Travel Arrangements.** Please plan to arrive in Singapore by 23 October and depart after 9pm on 24 October.

### PROGRAM

**08:00 – 16:30**

#### Live Cases at CGH OR

Welcome

**Live case 1**

Dr. Steven Kum, Dr. Tan Yih Kai & Dr. Tang Tjun Yip  
Morning Tea Break and Discussion

**Live case 2**

Dr. Steven Kum, Dr. Tan Yih Kai & Dr. Tang Tjun Yip  
Lunch and Discussion

**Live case 3**

Dr. Steven Kum, Dr. Tan Yih Kai & Dr. Tang Tjun Yip  
Afternoon Tea Break and Discussion

**Live case 4**

Dr. Steven Kum, Dr. Tan Yih Kai & Dr. Tang Tjun Yip

**17:00 – 18:00**

#### Debrief & Adjourn

- Debrief of cases done for the day
- Questions and answer session
- Presentation of course completion certificates

Dr Steven Kum received his MBBS medical degree from NUS and subsequently embarked on his surgical training with the Royal College of Surgeons, obtaining his MMed, MRCS and FRCS from the Royal College of Surgeons, Edinburgh. His Postgraduate Fellowship in Vascular and Endovascular Surgery was done in Prince of Wales Hospital, Sydney as well as the renowned Heart Centre/Park Hospital in Leipzig, Germany where he honed his skills in Endovascular Interventions.

Dr Tan Yih Kai obtained his medical degree from the University of Queensland, Australia in 1994. Between 1996 and 2006, he pursued his surgical training in the United Kingdom, completing Higher Surgical Training in General Surgery with special interest in Vascular Surgery. He returned to Australia to advance his skills in Endovascular procedures in Royal Adelaide and Repatriation Hospital. During this time, he also gained extensive experience in open vascular procedures such as abdominal aortic aneurysm repair, bypass surgery and carotid surgery.

Dr Tang Tjun Yip obtained his medical degree from Cambridge University. He continued Higher Surgical Trainee in Eastern Deanery, UK, in the role of specialist registrar and was awarded completion of specialist training (CCT) in General Surgery with a subspecialty interest in Vascular and Endovascular Surgery in 2012. He advanced his skills in Endovascular procedures in Leicester Royal Infirmary, Leicester, UK and Prince of Wales Hospital, Randwick, Australia.

Disclaimer: Whilst every attempt will be made to ensure that all aspects of the programme mentioned in this announcement will take place as scheduled, the organisers reserve the prerogative to make appropriate changes should the need arise.
